

Classic F3 Association Social Media Policy

Introduction

Classic F3 Association recognises that social media is an important tool for all club members to engage with each other and the club.

Classic F3 Association encourages club members to use social media and other channels to promote themselves, the club, the clubs events and the sport.

Classic F3 Association provides a service to all members by actively utilising Facebook, Instagram, LinkedIn, Twitter and YouTube as well as websites to promote its work and activities.

The organisation is committed to providing a safe, fair and fun online space for Classic F3 Association members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by Classic F3 Association.

Classic F3 Association recognises that this policy can be continuously developed and will review this document again by March 2026 or after the outcome of any serious issue or incident as a result of the use of social media sites by the Classic F3 Association community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

The Policy outlines:

- The social media channels managed by the Classic F3 Association members
- How Classic F3 Association manages its social media channels and who is responsible
- The principles that Classic F3 Association follows in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by Classic F3 Association members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensures the interaction and engagement on our social media channels are in line with our policy.

This policy is endorsed by the committee members, Hugh Price, Bruce Balchin, Gary Ward and Colin Painter and it is recognised by Motorsport UK.
